7243 SUPERVISION OF CONSTRUCTION (M)

The Board of Education directs that the Superintendent in conjunction with the School Business Administrator and Supervisor of Buildings and Grounds be responsible for the supervision of all building construction in this district. Supervision shall include field inspection of the contractor's operations, administrative review of the activities of the architect relating to the construction, and any other construction matters relating to the interests of the school district.

The Business Administrator shall report periodically to the Board on the progress of the work of the construction contractor(s).

The Board shall not employ for pay or contract for the paid services of any person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

The Superintendent shall direct the School Business Administrator/Board Secretary or designee to act as liaison to all construction contractors for school facility and construction projects to obtain a list of the individuals who will have regular contact with students and will be employed by or working for the contractor on a school district project that will be undergoing a criminal history record check pursuant to the requirements of N.J.S.A. 18A:6-7.1 et seq. The liaison shall provide the list of those contracted employees to the Superintendent or designee and the Human Resources Director. The Superintendent or designee and the Human Resources Director who receive any adverse action correspondence from the New Jersey Department of Education (NJDOE) related to the criminal history record check process shall review the contracted company list in order to determine if the subject of that correspondence is either a school employee or an employee of any contract service provider and take appropriate action. No employee of a contracted service provider shall commence work at a school facility without having first obtained an approval for employment from the NJDOE. Approvals for employment of these contracted employees shall be maintained with the liaison and copies forwarded to the Superintendent's office.
