Handling Suggestions :

This product is a 4 oz. individual plastic cup with a foil lid. It's packaged in a multi-pack configuration with 4 packs. Each cup has a UPC code that can be scanned. The cups snap apart. Product should be stored in refrigeration in an upright position. It can be frozen if desired.

Benefits :

Danimals is a nonfat yogurt with kid appeal. It's a good source of calcium and Vitamin D. No artificial colors, no artificial flavors, no high fructose corn syrup. *This product equals 1 meat/meat alternative. *This product is Gluten Free.

Serving Suggestions :

This product can be consumed on it's own, or as a part of a healthy meal or snack.

Prep & Cooking Suggestions :

This product can be consumed directly from the container. No preparation required. It should be stored in refrigeration up until the time of consumption. It can also be frozen for a special treat!

RESPONSE TO REQUESTS FOR MEDICAL INFORMATION
RELATIVE TO FOOD PRODUCTS

With increasing frequency over the past few years, we at Maschio's have received various requests from parents and other interested persons relative to both the ingredients of the food products which we prepare and serve and the medical significance of those food ingredients.

Most of these requests for such information have come from interested parents who understandably are concerned about a medical condition which a child may suffer from and the impact that diet and nutrition may have on that medical condition.

We at Maschio's, of course, would like to assist those inquiring parents to the maximum extent that we can, but we are constrained to advise that there are significant limitations on the responses that we can furnish.

First, we do not independently perform testing with respect to the ingredients of the food products which we prepare and serve nor are we required to by the terms of the Agreement which we enter into with your school district.

The only source of any information that we are able to provide relative to the ingredients of the food products which we prepare and serve is literature which may be furnished to us by the manufacturer or supplier to Maschio's of the involved food product and that information is not independently verified or checked by Maschio's and may or may not be accurate.

Accordingly, although in limited cases we may be in a position to furnish information about the ingredients of the food products which we prepare and serve because that information has been supplied to us by our suppliers, we are not in a position to affirm the accuracy of that information or even to suggest or recommend that it be relied upon by parents.

Second, we, of course, cannot provide medical or nutritional advice regarding the food products which we prepare and serve and accordingly we are not in a position to provide any opinions or conclusions regarding the impact, adverse or otherwise, which any such food product may have on the existing medical condition of a child.

We, of course, will be pleased to provide any interested parent with copies of the menus for the meals which we prepare and serve, but we are not in a position to present any opinions or conclusions regarding the interaction or impact which any of the food products which we prepare and serve may have on the existing medical condition of a child.

Any such medical opinion or conclusion will have to be secured from a physician or another skilled and knowledgeable professional, the professional services of whom are beyond the scope of the service which we provide to your school district.

We at Maschio's, of course, remain committed to providing safe and nutritious meals for your children and we look forward to continuing to cooperate with representatives of your school district and parents to achieve that objective.
