

Welcome to Wellness Week (March 9th-13th) at the Noecker School! Please join us in celebrating a week full of fun-filled activities focusing on mindfulness, nutrition, fitness, acts of kindness, and so much more.

Children will be participating in a kindness poster contest and the winners will have their drawings posted around the school! Please help and fundraise for this event as proceeds will go back into the community through the Lung Cancer Research Foundation and the school for equipment needs in Health and Physical Education. We hope to see you all in our movement of Health Moves Minds!!
